

- Make immediate and reasonable efforts to orally notify the student and the student's parent of the emergency removal, the reason for the need for emergency removal, and other applicable matters;
- Provide written notice to the student and parent as provided in Section C or D above, as applicable;
- Provide the student an opportunity for a hearing with the administrator, as applicable, and the parent an opportunity to attend the hearing, before the expiration of the two (2) school days, unless an extension of time for hearing is otherwise agreed to by the administrator, student, and parent.
- Render a decision orally on the same day as the hearing, and in writing no later than the following school day.

An administrator may not remove a student from school on an emergency basis for a disciplinary offense until adequate provisions have been made for the student's safety and transportation.

V. Appeal to the Superintendent

If a decision by an administrator, following the parent meeting, results in suspension of a student for more than 10 cumulative school days for the school year, the student may appeal the decision to the superintendent. In order to do so the student or parent must file a notice of appeal with the superintendent within five (5) calendar days with a seven (7) day postponement option. The superintendent must hold the hearing within three (3) school days of the student's request, unless the student or parent requests an extension of up to seven (7) additional calendar days. If the appeal is not filed within this time frame, the superintendent may deny the appeal, or may allow the appeal in his or her discretion, for good cause.

The following apply:

- The superintendent will make a good faith effort to include the parent in the hearing. The superintendent will be presumed to have made a good faith effort if he or she has made efforts to find a day and time for the hearing that would allow the parent and superintendent to participate. The superintendent will send written notice to the parent of the date, time, and location of the hearing.
- The superintendent will conduct a hearing to determine whether the student committed the disciplinary offense of which the student is accused, and if so, what the consequence will be. The superintendent will arrange for an audio recording of the hearing, a copy of which will be provided to the student or parent upon request. The superintendent will inform all participants before the hearing that an audio record will be made of the hearing and a copy will be provided to the student and parent upon request.
- The student will have all the rights afforded the student at the administrator's hearing for long-term suspension as described in Section D above.
- The superintendent will issue a written decision within five (5) calendar days of the hearing which meets the requirements for a long-term suspension as described in Section D above. If the superintendent determines that the student committed the disciplinary offense, the superintendent may impose the same or a lesser consequence than the administrator, but will not impose a suspension greater than that imposed by the administrator's decision.

The decision of the superintendent constitutes the final decision of the school district.

VI. Suspension under MGL c. 71 s. 37H for Dangerous Weapons, Controlled Substances

& Assaults on Educational Staff

Massachusetts General Laws Chapter 71, section 37H requires that all student handbooks contain the following provisions:

(a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or a knife; or a controlled substance as defined in chapter ninety-four C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the principal.

(b) Any student who assaults a principal, assistant principal, teacher, teacher's aide or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the principal.

(c) Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the principal.

After said hearing, a principal may, in his discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b).

(d) Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.

(e) Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to the school or provide educational services to the student in an education service plan, under section 21 of chapter 76.

Students should note that the definition of "assault" includes not only harmful or offensive contact, but also threatening such contact.

Additionally, students should be aware that the federal Gun Free Schools Act mandates that any student who brings a firearm to school be expelled for a minimum of one year, with exceptions granted only by the Superintendent. Under this Act, a firearm includes not only a gun but also an explosive device.

VII. Suspensions under MGL c. 71 s. 37H 1/2 for Felony Complaints or Convictions

Massachusetts General Laws Chapter 71, section 37H 1/2 provides that:

Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the principal or headmaster of a school in which the student is enrolled may suspend such student for a period of time determined appropriate by said principal or headmaster if said principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and the reasons for such suspension prior to such suspension taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such suspension; provided, however, that such suspension shall remain in effect prior to any appeal hearing conducted by the superintendent.

The student shall have the right to appeal the suspension to the superintendent. The student shall notify the superintendent in writing of his request for an appeal no later than five calendar days following the effective date of the suspension. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the student's request for an appeal. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the suspension.

Upon a student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such a felony or felony delinquency, the principal or headmaster of a school in which the student is enrolled may expel said student if such principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and reasons for such expulsion prior to such expulsion taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such expulsion; provided, however, that the expulsion shall remain in effect prior to any appeal hearing conducted by the superintendent.

The student shall have the right to appeal the expulsion to the superintendent. The student shall notify the superintendent, in writing, of his request for an appeal no later than five calendar days following the effective date of the expulsion. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the expulsion. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the expulsion.

Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to the school or provide educational services to the student in an education service plan, under section 21 of chapter 76.

VII. Procedures Applicable To Conduct Covered By M.G.L. C. 71, §37H And 37H ½

When considering the exclusion of a student from school for possession of a dangerous weapon, possession of a controlled substance (such as marijuana, cocaine, or prescription drugs not authorized by the school nurse), or assault on teachers, an administrator may place a student on short term suspension (ten days or less) based upon an informal hearing, to be followed by a formal hearing before the Principal within that period of suspension to determine whether to take additional disciplinary action, up to and including expulsion from school.

1. The informal hearing will be in the form of a conference between the student and the principal or designee. At this conference, the student (1) shall be informed of the reason for the conference, (2) shall be given the opportunity to present his or her side of the story, and (3) shall be given a decision on the suspension. If the administrator deems delay of the hearing necessary to avoid danger or substantial disruption, this process may occur immediately after, rather than before, the suspension.
2. Prior to putting a suspension into effect, the principal or designee shall make a reasonable effort to telephone and inform the student's parent or guardian of the impending suspension;

this shall include attempts to contact the parents or guardian at home and at work. Parents may contact the school for additional information regarding the suspension.

3. A letter will be mailed to the parent/guardian of the suspended student stating:
 - a) The reason for the suspension
 - b) A statement of the effective date and duration of the suspension
 - c) A statement regarding whether or not the Principal will schedule a formal hearing to consider further discipline, up to and including expulsion from school in accordance with M.G.L. c. 71, §37H

When considering a suspension/expulsion of a student charged with/convicted of felony, the Principal will use the standards and procedures set forth in M.G.L. c.71, §37H1/2. In addition, prior to initiating such procedures, the Principal may meet informally with the student and/or his parents to review the charge and the applicable standards if the Principal deems appropriate

Education Services and Academic Progress under Sections 37H, 37H1/2, and 37H3/4

1. Any student who is serving an in-school suspension, short-term suspension, long-term suspension, or expulsion shall have the opportunity to earn credits, as applicable, make up assignments, tests, papers, and other school work as needed to make academic progress during the period of his or her removal from the classroom or school. The principal/designee shall inform the student and parent of this opportunity in writing when such suspension or expulsion is imposed.
2. Any student who is expelled or suspended from school for more than ten (10) consecutive days, whether in school or out of school, shall have an opportunity to receive education services and make academic progress toward meeting state and local requirements, through the school-wide education service plan.
3. The principal/designee shall develop a school-wide education service plan describing the education services that the school district will make available to students who are expelled or suspended from school for more than ten(10) consecutive days. The plan shall include the process for notifying such students and their parents of the services and arranging such services. Education services shall be based on, and be provided in a manner consistent with, the academic standards and curriculum frameworks established for all students under G.L. c 69, §§

Notice of Education Services for Students in Long-Term Suspension and Expulsion; Enrollment Reporting.

1. The principal/designee shall notify the parent and student of the opportunity to receive education services at the time the student is expelled or placed on long-term suspension. Notice shall be provided in English and in the primary language spoken in the student's home if other than English, or other means of communication where appropriate. The notice shall include a list of the specific education services that are available to the student and contact information for a school district staff member who can provide more detailed information.
2. For each student expelled or suspended from school for more than ten (10) consecutive days, whether in- school or out-of-school, the school district shall document the student's enrollment in education services. For data reporting purposes, the school shall track and report attendance, academic progress, and such other data as directed by the Department.

Students with Disabilities:

Students who have been identified as students with disabilities in accordance with the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act or who the school has reason to believe might be eligible for special education services are entitled to additional procedural protections when a disciplinary exclusion is considered. Prior to the imposition of any disciplinary sanction that would result in a change in placement; the student’s Team will meet to determine whether the student’s conduct was a manifestation of the student’s disability. If the Team determines that the conduct was a manifestation of the student’s disability shall review any existing behavior plan or, if no such behavior plan exists, conduct a functional behavioral assessment. In many cases, a student with a disability will be entitled to services identified by the student’s Team as necessary to provide the student with a free appropriate public education during periods of disciplinary exclusion exceeding ten (10) school days in a given year. For additional information regarding the rights of students with disabilities in the context of school discipline please contact the Winthrop Public Schools’ Director of Pupil Personnel Services or the building principal/designee

DISCIPLINARY GUIDELINES

Five levels of disciplinary violations, along with the consequences for breaking school rules, have been established. It should be noted, however, that the listing of these violations cannot anticipate every eventuality that would require a written policy. Where such policies do not exist, the Principal will formulate and recommend them to the Superintendent and the School Committee, and they will be considered in effect until modified or rejected by the School Committee.

Level 1

Misconduct in or out of class; pass violation, entering Middle School section of building, entering building from any door other than main entrance of the building; card playing, etc., use of electronic items including but not limited to cell phones, text messaging, I-Pods, video or MP3 players, and portable gaming devices (including graphing calculators in game mode); hat wearing, cheating and/or copying another student’s work, plagiarism, gambling, inappropriate use of technology (internet related/AUP violations; failure to attend teacher detention.

- 1st Offense:** 1 administrative/teacher detention
- 2nd Offense:** 2 administrative detentions
- 3rd Offense:** 1 day out-of-school suspension

Level 2

Leaving assigned area without permission, failure to be in assigned area, cutting class, failure to attend administrative detention, referral to an administrator for disruptive or inappropriate behavior in class or out of class, and/or forgery (dismissal notes, etc.), failure to wear student ID, repeated level 1 violations.

- 1st Offense:** 3 administrative detentions
- 2nd Offense:** 1 day out-of-school suspension
- 3rd Offense:** 2-3 days out-of-school suspension

Level 3

Disrespect to persons of authority by word or action; insubordination, disrupting the educational process, vulgar or obscene language or gesture, leaving school grounds without permission, destruction of school property, using school facilities without proper supervision, inappropriate usage of technology, truancy and/or repeated level 2 violations.

- 1st Offense:** 1 day out-of-school suspension

1st Offense: 3 day suspension

2nd Offense: 5 day suspension

3rd Offense: suspension for up to 10 days, including exclusion from school.

Level 5

Vandalism; harassment, threatening behavior, assault; theft; extortion; hazing; possession or use of alcohol, controlled substance, weapons or incendiary devices; pulling false fire alarms; sexual harassment; assault on school personnel; threats to public safety; any other illegal acts.

1. Law enforcement officials will be notified.
2. Violations will incorporate penalties pursuant to the discretion of the administration as well as possible referral to the Principal with all legal requirements prescribed, including exclusion from school.

The *Massachusetts Interscholastic Athletic Association (MIAA)* has a zero tolerance policy for student-athletes caught drinking, using drugs, smoking /chewing tobacco; marijuana steroids; or any controlled substance at any time during the year. Any student-athlete caught violating the Chemical Health rule in the summer or any off-season period will be held accountable as if he/she were in season. MIAA sanctions are as follows:

- 25% suspension for the first offense
- 60% suspension for the second offense
- 60% suspension and completion of an approved dependency program for the third offense. Once a program is complete the suspension reverts back to 40% of the season of play.

All student athletes and their parents/guardians should familiarize themselves with this policy.

Social Probation

Students who have violated the Code of Conduct are subject to being placed on Social Probation. *Pranks will be considered a violation of the Code of Conduct.* Social Probation limits the student’s privilege of attending school sponsored events such as dances, proms, and other related activities. Students who have incurred multiple infractions and/or suspensions are subject to being placed on Social Probation. Seniors, who are suspended after April 1st, will lose one senior privilege up to all senior privileges depending on the infraction.

DETENTION

Conduct code violations may result in detention being assigned by teachers or administrators. Students are reminded that detention sessions are an obligation, which must be met when assigned. Detention takes precedence over work schedules or co-curricular activities.

Teacher detention takes precedence over administrative detention. When a student has received both teacher and administrative detention for the same time, it is the student’s responsibility to ask the teacher for a note, which will explain this to the assistant principal.

This note must be submitted to the assistant principal before leaving school to avoid further disciplinary action. The student will then be expected to serve the administrative detention as assigned. Administrative detentions are held Tuesdays and Thursdays from 2:30 p.m. to 3:00 p.m. and Wednesdays from 2:30 p.m. to 4:30 p.m. In addition, Saturday detentions will be issued based on the level of offense committed by the student.

In order to get credit for an administrative detention, students must arrive on time, must maintain silence, and may not sleep. If these three guidelines fail to be met, students may not receive credit for the detention. Arriving late to an administrative detention will be considered cutting the detention and will result in further disciplinary action. If a student is legitimately detained by a faculty member, the student is to present a pass noting the time of dismissal by the faculty member. It is strongly recommended that students bring work to complete during this time. Not attending detention will lead to further detention and ultimately suspension from school.

CARE OF SCHOOL PROPERTY

Students are responsible for the proper care of all books, supplies, athletic equipment and school property. Books must be covered and handled with care. Students will pay for all lost or damaged books and equipment. Students who damage school property maliciously deliberately or through negligence will be billed or required to work to restore the damage and will be subject to disciplinary action.

CORRIDOR PASSES

Students are not permitted to leave a class or assigned area without a corridor pass properly completed and issued by the teacher in charge. Pass violations will result in disciplinary action.

CODE OF DRESS AND APPEARANCE

Students are expected to exercise maturity and responsibility in all matters including their dress and personal grooming. Students should remember at all times the five guiding principles of dress: neatness, suitability, moderation, cleanliness and safety. Teachers and administration will determine the interpretation of these guiding principles. Any attire that is disruptive or does not conform to the standards of common decency and propriety is forbidden. Wearing apparel harmful to school property is not permitted. In addition, clothing with tobacco, drugs, alcohol, sexual innuendo or illegal messages is inappropriate. Wearing tank tops and/or tight fitting string tops without a shirt underneath, wearing undergarments as outerwear, or bare midriffs will not be permitted. Shirts must meet the waistline of pants, skirts, or shorts. Skirts and shorts should reach below fingertips when arms are by side. Being barefoot or only in stocking is viewed as a health/safety problem, so appropriate footwear must be worn at all times. Outside clothing and hats must be kept in lockers.

1st Offense: Administration will keep hat or any headgear until the end of the school day.

2nd Offense: Administration will keep hat or any headgear for 5 school days.

3rd and Subsequent Offenses: Parent must come to school to retrieve hat or any headgear.

HAZING REGULATIONS

HAZING

Hazing as described by Massachusetts General Law, Chapter 269, Sections 17, 18 and 19 is 17 prohibited. Be it enacted by the Senate and the House of Representatives in General Court assembled, and by the authority of the same as follows: Chapter 269 of the General Laws is hereby amended by adding the following three sections:

Section 17: Whoever is a principal organizer or participant in the crime of hazing as defined herein shall be punished by a fine of not more than three thousand dollars or by imprisonment in the house of correction for not more than one (1) year, or by both such fine and imprisonment. The term "hazing" as used in this section and in sections 18 and 19, shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect their physical health or safety of any such student or other person, or which subjects such student or other person, to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

Notwithstanding any other provisions of this section to the contrary, consent shall not be available as a defense to any prosecution under this action.

Section 18: Whoever knows that another person is the victim of hazing as defined in Section 17 and is at the scene of such crime shall, to the extent that such person can do so without danger of peril to himself or others, report such crime to an appropriate law enforcement official as soon as reasonably practical. A fine of not more than one thousand dollars shall punish whoever fails to report such crime.

Section 19: Each institution of secondary education and each public and private institution of post-secondary education shall issue to every student group, student team or student organization which is part of such institution or is recognized by the institution or permitted by the institution to use its name or facilities or is known by the institution to exist as an unaffiliated student group, student team or student organization, a copy of this section and sections seventeen and eighteen; provided, however, that an institution's compliance with this section's requirements that an institution issue copies of this section and sections seventeen and eighteen to unaffiliated student groups, teams or organizations shall not constitute evidence of the institution's recognition or endorsement of said unaffiliated student groups, teams or organizations.

Each such group, team or organization shall distribute a copy of this section and sections seventeen and eighteen to reach of its members, plebes, pledges or applicants for membership. It shall be the duty of each such group, team or organization, acting through its designated officer, to deliver annually, to the institution an attested acknowledgment stating that such group, team or organization has received a copy of this section and said sections seventeen and eighteen, that each of its member, plebes, pledges, or applicants has received a copy of sections seventeen and eighteen, and that such group, team or organization understands and agrees to comply with the provisions of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of post-secondary education shall, at least annually, before or at the start of enrollment, deliver to each person who enrolls as a full time student in such institution a copy of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of post-secondary education shall file, at least annually, a report with the regents of higher education and in the case of secondary institutions, the Board of Education, certifying that such institution has complied with its responsibility to inform student groups, teams or organizations and to notify each full time student enrolled by it of the provisions of this section and sections seventeen and eighteen and also certifying that said institution has 18 adopted a disciplinary policy with regard to the organizers and participants of hazing, and that such policy has been set forth with appropriate emphasis in the student handbook or similar means of communicating the institution's policies to its students. The Board of Regents and, in the case of secondary institutions, the Board of Education shall promulgate regulations governing the content and frequency of such reports, and shall forthwith report to the attorney general, any such institution which fails to make such report.

THE HAZING TEST *

The following questions are intended to help student leaders to think about issues of hazing when planning activities for their organizations.

1. Would you have any reservations describing the activity to your parents, a teacher, or a school administrator?
2. Would you object to the activity being photographed for the school newspaper or local TV news?
3. Is there a risk of injury or a question of safety?
4. Is this a team or group activity in which members are encouraged or expected to attend and where minors are consuming alcohol?
5. Will current members refuse to participate with the new members?
6. Does the activity risk emotional or physical abuse?

WEAPONS AND INCENDIARY DEVICES

Possession of weapons of any kind will not be tolerated. Any object which could be used to injure another person and which has no school-related purpose for being in school or on school grounds or at school-sponsored or school-related events will be considered a weapon for purposes of this code. Students found to be in possession of a weapon will be subject to the Level 5 consequences of the disciplinary guidelines

Possession and/or lighting of any incendiary device, which includes, but is not limited to firecrackers and smoke bombs or the irresponsible use of matches and lighters in and around the school building, will result in suspension from school. Students found to be in possession of and/or lighting an incendiary device will be subject to the Level 5 consequences of the disciplinary guidelines.

Students are prohibited from possessing or using any type of tobacco product, electronic cigarette (e-cigarettes), or any other electronic vaporizing device, while on school property at anytime or while attending an off campus school-related activity.

CHEMICAL HEALTH POLICY

In accordance with *Massachusetts General Laws 71 as amended by the Education Reform Act of 1993*, during the school year, a student shall not, regardless of the quantity, use or consume, possess, buy/sell or give away any beverage containing alcohol, any tobacco product, or any controlled substance.

1. The use of any tobacco product within school (including electronic cigarettes and vaporizers), school facilities, school grounds within 250 ft., or on school buses is prohibited. Use of tobacco products will result in a recommendation for suspension from school, as outlined under Level 4 of the disciplinary guidelines.
2. Students who attend school, athletic functions, or school functions or who are under school jurisdiction while under the influence of drugs or alcohol, having possession of drugs or alcohol, or are involved in the distribution of drugs or alcohol will be suspended from and subject to expulsion from school and face consequences as outlined under Level 5 of the disciplinary guidelines.

Use of Breathalyzer

In order to foster a safe and comfortable environment for school dances and other student events, we may require a Breathalyzer test, as approved by the School Committee in July 2008, as a condition of attending the Sophomore Junior Social, the Senior Prom, along with *any other* extra-curricular events.

Implementation of Breathalyzer

Because the purpose of the utilizing a Breathalyzer is to *prevent* school event related alcohol use, rather than to “catch” students, any student attending an event will be required to take a Breathalyzer administered by the principal and/or his/her designee.

Any student attending the event will be tested with an alcohol detection device. The end of the instrument is placed a few inches from the subject’s mouth and the subject will blow into the device. Any student not willing to comply with the screen WILL NOT BE ADMITTED and will forfeit their admission. The device indicates whether or not alcohol is present. In the event that a student is in violation of the school’s drug/alcohol policy, the disciplinary consequences outlined in the Winthrop High School Student Handbook and those outlined by the Massachusetts Interscholastic Athletic Association (MIAA) will be invoked. Parents will be contacted, and students will be sent home. If there appears to be an imminent safety concern, or if parents cannot be reached, the principal or his/her designee will call EMTs or police as appropriate.

Discriminatory, Sexual Harassment and Misconduct & Complaint/Grievance Procedure

I. BACKGROUND OF POLICY

The Winthrop Public Schools is committed to maintaining a school environment free of any harassment based on, but not limited to, race, color, national origin, sex, disability, age, genetics, ancestry, sexual orientation, gender identity/expression, criminal record, or active military status. Such harassment in the workplace or school environment is unlawful and is absolutely prohibited. This includes harassment by administrators, certified and support personnel, students, vendors, and other individuals in school or at school-related events. Further, any retaliation against an individual who has complained about harassment or against individuals for cooperating with an investigation of a harassment complaint is similarly unlawful and will not be tolerated.

II. PURPOSE AND SCOPE

Discriminatory harassment is defined as any communication or conduct that is sufficiently serious to limit or deny the ability of a student to participate in or benefit from the educational program or the ability of a staff member to perform his/her duties. It includes, but is not limited to, any communication, written, spoken or otherwise, such as jokes, comments, innuendoes, notes; material placed on the internet or other electronic media such as email, web page, and voice mail; writing placed on school property, the display of pictures or symbols, graffiti, gestures, or other conduct that offends or shows disrespect to others based upon race, color, national origin, sex, disability, age, genetics, ancestry, sexual orientation, gender identity/expression, criminal record, or active military status.

Law views the particular communication or conduct from the perspective of a reasonable person with the characteristic on which the harassment is based. Another person may reasonably view what one person may consider acceptable behavior as harassment; therefore, individuals should consider how other individuals might view their words and actions.

It should be noted that, while this policy sets forth the goal of the Winthrop Public Schools to maintain a work and educational environment that is free of harassment based upon race, color, national origin, sex, disability, age, genetics, ancestry, sexual orientation, gender identity/expression, criminal record, or active military status the policy is not designed or intended to limit the authority of school officials to discipline or take remedial action for conduct which is deemed unacceptable, whether or not that conduct satisfies the definition of harassment.

This policy may apply to forms of discriminatory harassment that occurs between co-workers between students, and between students and school personnel that takes place outside the school environment (including, but not limited to, online conduct or conduct utilizing the internet or other electronic media). When the conduct complained of occurs outside of the workplace, the school may consider the following and other factors in assessing whether the conduct constitutes conduct in violation of this policy

- whether the event at which the conduct occurred is linked to the School in any way, such as at a School-sponsored function;
- whether the conduct occurred during work/school hours;
- the severity of the alleged outside-of-school conduct;
- the work/school relationship of the complainant and alleged harasser, which includes whether the alleged harasser is a supervisor/faculty and whether the alleged harasser and complainant come into contact with one another on the job or in the School environment;
- whether the conduct adversely affected the terms and conditions of the complainant's employment or education or impacted the complainant's work/school environment

III . Examples of Prohibited Conduct

It is not possible to list all the circumstances that may constitute discriminatory harassment in violation of this policy. Discrimination may take many forms, including both verbal and nonverbal behaviors. Prohibited behavior includes, but is not limited to, the following behaviors connected to someone's membership in one or more groups protected by law as noted in the first paragraph above: slurs or other derogatory comments; sharing demeaning pictures, cartoons, or jokes; demeaning gestures, and; any conduct constituting sexual harassment

IV. While all types of discriminatory harassment are prohibited, sexual harassment requires particular attention. Sexual harassment includes sexual advances, requests for sexual favors, and/or other verbal or physical conduct of a sexual nature when:

1. Acceptance of or submission to such conduct is made either explicitly or implicitly a term or condition of employment or education, or
2. The individual's response to such conduct is used as a basis for employment decisions affecting an employee or as a basis for educational, disciplinary, or other decisions affecting a student, or
3. Such conduct interferes with an individual's job duties, education, or participation in extracurricular activities, or
4. The conduct creates an intimidating, hostile or offensive work or school environment. The legal definition of sexual harassment is broad. In addition to the above examples, other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating a work or educational environment that is hostile, offensive, intimidating or humiliating to individuals of either gender may also constitute sexual harassment.

While it is not possible to list all those additional circumstances that may constitute sexual harassment, the following are some examples of conduct, which if unwelcome, may constitute sexual harassment depending upon the totality of the circumstances including the severity of the conduct and its pervasiveness:

- Unwelcome sexual advances - whether they involve physical touching or not;
- Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life; comment on an individual's body, comment about an individual's sexual activity, deficiencies, or prowess;
- Displaying sexually suggestive objects, pictures, cartoons;
- Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments;
- Inquiries into one's sexual experiences, and;
- Discussion of one's sexual activities

The victim or complainant as well as the harasser may be male or female. The victim or complainant does not have to be of the opposite sex. The complainant does not have to be a person directly harassed, but may be someone affected by the offensive conduct.

All employees and students should take special note that, retaliation against an individual who has complained about sexual and or discriminatory harassment, and retaliation against individuals for cooperating with an investigation of a sexual harassment complaint is unlawful and will not be tolerated by this organization.

- Sexual violence is a form of sex discrimination and is prohibited. It is generally defined as contact of a sexual nature that occurs without the **effective consent** of an individual involved.
- Effective consent cannot be given by minors, those who are incapacitated as a result of alcohol or other drug consumption, or those who are otherwise incapacitated or unconscious.
- Consent as a result of coercion, intimidation, threat of force or force is not effective consent.
- An individual may also be unable to give consent due to an intellectual or other disability. In the state of Massachusetts, **consent can never be given by a minor under the age of 16.**

Examples of sexual violence include, but are not limited to:

- acts of rape (stranger and acquaintance);
- having sexual contact with someone who is incapacitated (e.g., from alcohol or drug usage) such that their decision making ability is compromised and they are unable to consent;
- continuing a sexual act after either party has made it clear, either verbally or by conduct, that they do not wish to continue physical contact, and other forms of coerced sexual activity, including unwanted touching, fondling or other forms of sexual conduct.

The School also prohibits other forms of sexual misconduct, including:

- obscene or indecent behavior, such as the exposure of one's sexual organs or the display of offensive sexual behavior,
- deliberate observation of others for sexual purposes without their consent,

- taking or posting of photographs, videos or images of a sexual nature without consent,
- and possession or distribution of illegal pornography.

In addition to the above, specific examples of sexual misconduct constituting violations of this Policy include:

- Sexual Assault - Penetration, no matter how slight, of a vagina or anus with a sex organ or object, or oral penetration by a sex organ of another person, without the consent of the victim, or non-consensual touching of a sexual nature of another person with or without force.
- Domestic Violence - violent misdemeanor and felony offenses committed by a victim's current or former spouse, current or former cohabitant, person with whom a victim shares a child, or individuals engaged in a substantive dating relationship as defined by M.G.L Chapter 20A.
- Dating Violence - Violence by a person who has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship is determined by (a) its length, (b) its type, and (c) frequency of interaction of persons involved in the relationship.
- Stalking – an intentional course of repeated conduct or behavior over a period of time directed at a specific person that would cause a reasonable person to (a) fear for her, his or other's safety, or (b) to suffer substantial emotional distress.

Anyone who has been subject to any sexual violence, misconduct or domestic violence is encouraged to report the incident to the Winthrop Police Department, the Title IX Coordinator, or Deputy Title IX Coordinators listed within this policy.

Informal and Formal Grievance Procedures have been established to meet the requirements of Title IX, the ADA, the ADAAA and Section 504 of the Rehabilitation Act of 1973. Any person who wishes to file a complaint alleging discrimination on the basis of disability or sex in the provision of services, activities, programs or benefits by the Winthrop Public Schools (WPS) may use the grievance procedures.

The Informal Procedure to resolve the allegations of a complainant may be requested by the complainant in consultation with the Title IX Coordinator and Superintendent. In these cases, the Title IX Coordinator in consultation with the Superintendent shall determine whether or not alternative informal resolution measures are appropriate based on the nature of the complaint. Informal Procedures to resolve complaints may include a meeting of the parties, or other means to resolve the allegations with the assistance of a counselor, teacher, or other school or WPS staff. The informal procedure may be abandoned at any time in favor of the initiation of formal procedures and shall not hinder or prohibit the School from initiating and conducting an investigation.

IV. INVESTIGATION AND COMPLAINT RESOLUTION

The Winthrop Public Schools will promptly review every complaint, take necessary action to eliminate the conduct and work to ensure the safety of the complainant and any/all witnesses.

The Winthrop Public Schools shall promptly initiate an investigation into allegations of sexual and discriminatory harassment including sexual assault and misconduct while observing all relevant state and federal laws and regulations and school system policies and procedures, as well as applicable contractual requirements. During the investigation and prior to a final determination, the Title IX Coordinator and/or appropriate administrator will take appropriate interim measures to protect the complainant. During an investigation the complainant and accused may present witnesses and other evidence. Victims of sexual/discriminatory harassment, and /or sexual assault will not be required to mediate allegations of harassment with their alleged perpetrators without appropriate involvement by the District, and further, any mediation process can be terminated by the victim at any time. Both the complainant and the accused individuals shall be notified by the School District of the outcome of any investigation.

The Title IX Coordinator in consultation with the School's Complaint Manager/and or Superintendent will coordinate the investigation. Typical steps in an investigation include separate interviews with those involved, putting statements from each party in writing, identifying and questioning witnesses, and other appropriate actions. The District will conduct the investigation with as much confidentiality and privacy for the parties as possible without compromising the thoroughness of the investigation. The District will caution all participants in the investigation to limit discussions to those staff directly involved in the investigation and to treat the matter as confidential as practicable. Individuals are expected to cooperate fully in any investigation. Failure to do so may result in disciplinary action up to and including termination/expulsion.

The District will endeavor to complete the investigation within thirty (30) school days of receiving the complaint, unless the nature of the investigation or exigent circumstances dictate otherwise, in which case the investigation will be completed as promptly as practicable. Also, if the respondent is subject to a collective bargaining agreement that sets forth a specific time line for notice and/or investigation of a complaint, such time line will be followed. During Title IX investigations, the District will use the preponderance of the evidence

standard in determining whether or not District Policies have been violated in relation to sexual violence, and discriminatory and sexual harassment complaints.

Upon completion of the investigation, the Compliance Officer will issue a written report to the Superintendent. The Superintendent will issue a decision within ten (10) school days of receiving the Compliance Officer's report. If the complainant or the accused is not satisfied with the Superintendent's decision, an appeal may be filed with the Superintendent by either the complainant and/or the accused or by their guardian(s) within five (5) calendar days of receiving the decision. Within thirty (30) days of receiving the record, the Superintendent will render a final decision in writing.

If the District determines that the Policy Prohibiting Discriminatory Harassment, Sexual Harassment and Misconduct has been violated, the District will take appropriate action promptly to stop the offending conduct and ensure that it is not repeated. Depending on the severity of the incident (s), such corrective action may include counseling, training, a verbal or written warning, suspension, or termination/expulsion. Following substantiated instances of discriminatory and sexual harassment, including sexual misconduct and violence, the District will take reasonable steps to address the effects of the conduct including but not limited to supporting victims' access to the District's programs, services and activities.

In certain cases, harassment of a student, and in particular, sexual harassment of a student, may constitute child abuse under Massachusetts laws. Verbal sexual harassment of any child by anyone, including school district employees/volunteers, is recognized as a form of child abuse and a warning sign of actual physical or sexual abuse. Such abuse must be reported immediately to the Department of Social Services in accordance with the requirements of M.G.L. c. 119, s. 51A. A matter reported under this section shall be screened to determine whether an investigation is pursuant to the Child Abuse and Neglect Policy, the Sexual Harassment Policy, or both. The Winthrop Public Schools will comply with all legal requirements governing the reporting of suspected cases of child abuse.

SCHOOL SERVICES

GUIDANCE SERVICES

Guidance services combine the student support efforts of our guidance counselor and student mentor. This guidance department staff works together and collaborates with the school's faculty in guiding the academic and social development of each student. Our team approach is to view the whole student as both an evolving individual and as a learner and to help our students prepare themselves for life after high school.

We have one counselor who meets with only freshmen students. A counselor meets with sophomores and juniors to help them begin the process of self-assessment and career exploration as it relates to post high school planning. Students will be encouraged to utilize various personality inventories, publications and computerized methodologies to advance the process of self-assessment and to examine career options and schooling requirements. The counselor meets with juniors and seniors in order to help students plan appropriate activities relative to post high school plans, using Guidance Department resources. Students will learn what is important in the employment and college application process and complete appropriate post-secondary institution applications. Parents are also encouraged to consult with members of the guidance staff with respect to their child's program.

SCHOOL NURSE

The school nurse is in the building during school hours and available throughout the day. If a student becomes ill, he/she is to ask the classroom teacher for a pass to visit the nurse who will address the student's needs and take any steps necessary to handle the situation. A student will not be dismissed until a parent/guardian has been contacted.

Students suspected of being under the influence of alcohol, drugs and/or a controlled substance may be examined by the school nurse and if deemed necessary, parents may be contacted. A Breathalyzer may be used.

Accidents

In the event of an accident, the student will report to the nurse all related facts. Any accident should be reported to the nurse who will complete a report. If an accident occurs in the gym during an athletic event or an athletic related event, the athletic director will make out an accident report.

Medications

School personnel will not provide students with any medication. Students who must take prescription or over-the-counter medication during the school day must have a medication order from a physician, dentist, nurse practitioner, or physician's assistant along with written consent signed by the parent/guardian on file in the nurse's office. These forms are kept in the nurse's office. All medications must be properly labeled in their original container, kept in the nurse's office and taken under the supervision of the school nurse. Any student found carrying medication in school will be subject to disciplinary action and the medication will be held and given to their parent/guardian.

The only exception to the above protocol is that students may carry epi-pens and/or inhalers for their own use with the signed medication order and parent/guardian consent.

Please feel free to come to the nurse's office or call at (617) 846-5505 ext. 102, if you have any questions or concerns about the medication policy.

CAFETERIA

The school cafeteria serves hot lunch at a minimal cost. Beverages and snacks can be purchased separately. Students are encouraged to exercise responsibility and good judgment relative to the purchase and/or consumption of food and beverages outside the cafeteria during school hours.

Since the entire student body utilizes the cafeteria, students are expected to help keep it clean and attractive by complying with the following rules:

- Students found in other areas of the building during their scheduled lunch without an authorized pass will be subject to disciplinary action.
- Students can only eat inside the cafeteria at tables.
- Students are to conduct themselves in a reasonable manner in the lunch lines and in the cafeteria.
- Students are responsible for emptying all debris into the proper receptacles and leaving the table and surrounding area clean.
- Student may use lavatories adjacent to the cafeteria during their scheduled lunch period.
- Weather permitting; students may go into the courtyard during lunchtime. Students may not go to any other area of the school.
- Students are to be respectful of the teachers on duty in the cafeteria.

Students who by their behavior indicate that they cannot act in a responsible manner in the cafeteria may lose the privilege of eating in the cafeteria and be subject to disciplinary action.

LIBRARY MEDIA CENTER

The library is open from 7:55 a.m. to 2:20 p.m. Monday through Friday. Students may use the library before and after school, or during the school day by *arrangement with his/her classroom teacher and the librarian*. Students with an *academic purpose* are allowed to visit the library but MUST first obtain a pass from one of his/her classroom teachers indicating that the student has been assigned work for the class requiring the use of the library. This pass must then be presented to the librarian at the beginning of the period that the student is to report to the library. All students must arrive at the library before the late bell rings. "On-line" computers and printers are available for student use. *Electronic Library* is an on-line service available which accesses a multitude of informational resources. Students involved in special activities may also utilize audiovisual equipment.

Internet Acceptable Use Policy

The Winthrop Public Schools technology program recognizes the use of the Internet as a valuable research tool. Before using this tool students need to understand how to use it in an acceptable manner.

- The primary use of the Internet is for educational purposes
- Being able to use the Internet is a privilege, and your teachers and principal are the decision makers when it comes to whether you use it. If your behavior on the Internet is not appropriate, you may be suspended from its use.
- All Winthrop Public Schools have a filter installed on the server to prevent students from entering inappropriate sites (obscene, child pornography, harmful to minors) however, this software is not foolproof. Take responsibility for your own actions. If you find yourself at an inappropriate web site, you must minimize the browser window and notify the teacher immediately. Do not download, copy or tell any other students the location of any inappropriate material you may happen to find.
- You may not copy material and say that you wrote it yourself. Remember if you didn't write it you must identify where you found it.
- Any damage to the computers, how they are set up, or files that belong to others, will result in the loss of your privilege to use the Internet, and perhaps the computers themselves.

- You may not give anyone your password. Don't let anyone use your computer account for Internet activity unless you are working with them.
- You may not go to chat rooms or use email

The above are examples of inappropriate use. Since there can never be an all inclusive list, we fully expect that students do only those things necessary to complete their assignment. If a student is in doubt about something they want to do, they must first ask a teacher. Violations of this agreement also subject the student to additional school discipline as determined by the principal.

The Winthrop Public School System, along with the other organizations sponsoring this Internet link-up, will not be liable for the actions of anyone connecting to Internet through this hook-up. In addition, the Winthrop Public School System takes no responsibility for any information or materials that are transferred through Internet. Winthrop Public Schools makes no guarantee of reliability of the Internet connection, nor is it responsible for any loss or corruption of data while using this Internet connection. Winthrop Public Schools shall monitor use of the Internet and data stored in the machines to be sure that these rules are not being broken. Winthrop Public Schools can change these rules without immediate notice.

STUDENT

I understand and promise to follow Winthrop Public School Acceptable Use Policy. I have read (or had read to me) the agreement in the student handbook. My teacher explained the rules of the agreement and I understand them. I understand that it is very important to follow all the rules of the agreement and not to go to inappropriate web sites. I will accept full responsibility and liability for the results of my actions. If I do not follow the rules I might lose the privilege of using the computer and/or the Internet, and be subject to additional punishment by the school.

The Winthrop High School National Honor Society's primary goal is the overall improvement of scholarship and the placement of academic excellence as a standard for the entire student body.

Membership in the National Honor Society is both an honor and a responsibility. It is a privilege, not a right. Students do not apply for membership into the National Honor Society; instead, they provide information to be used by the Faculty Council to support their candidacy for membership. Students who are selected for membership are expected to continue to demonstrate the qualities of scholarship, service, leadership and character that were used in the selection process.

3. In all cases of impending dismissal, a member shall have a right to a hearing before the Faculty Council.
4. Members who resign or are dismissed are never again eligible for membership or its benefits.

STUDENT GOVERNMENT

The underlying assumption in granting governing responsibilities to students is that students will use their governing power and influence wisely and responsibly. The students should be responsive to the needs of the student body and provide feedback for their issues.

Student Council

Student Council shall function as the representative of the student body to the high school administration on all matters affecting the students of the school. Students involved in the Student Council represent the entire student body at regularly scheduled meetings. The purpose of the Student Council is to develop attitudes and beliefs in good leadership and citizenship, to promote good relationships throughout the school, to develop and foster good student morale, to foster good student-teacher relationships, to assist in the schedule and coordination of student assemblies and activities, to coordinate the four individual classes and to promote the general welfare of the school.

The members of the council will serve a minimum of one (1) year. There will be an annual election. The maximum term will not exceed three (3) years. The meetings are once every other month during the school year.

ACTIVITIES

The Winthrop High School athletic, club and co-curricular activity program is an integral part of the total educational offerings. While the name of the school is enhanced whenever its representatives excel, by far those who actually participate derive the greatest rewards and satisfaction. A student's participation in all co-curricular programs is voluntary and a privilege, not a right.

The advisor or head coach has the prerogative of setting rules and standards of behavior and discipline for the organization. This entails a clear understanding of what is to be expected in terms of appearance and conduct. The administration fully intends to back the advisor/coach in carrying out the policies governing the activity as long as they do not conflict with school policy.

Eligibility

To participate:

1. A student must be passing at least six out of seven classes during the last marking period preceding the event.
2. The date the report cards are issued for the term determines the student's eligibility for that term.
3. Disciplinary probation prevents a student from attending or participating in any co-curricular activity.
4. To participate in or to attend any activity, game, practice, play or other co-curricular activity, a student must be in attendance for a full day of classes on the day of the event. If the event is scheduled for Saturday, Sunday or a holiday, this regulation shall apply to the last school day preceding the event. If a student is ill or has some other extenuating circumstance, he/she must see an administrator for permission to participate. Exceptions may be made for absence due to religious holidays.
Note: Students must be in school by 9:43 a.m. to participate in and/or attend any co-curricular activity and cannot be dismissed before 12:15 p.m. to participate.
5. All requirements for participation in interscholastic athletics as prescribed by the Northeast Conference and the Massachusetts Interscholastic Athletic Association will also govern the eligibility of students at Winthrop High School.
6. At Winthrop High School rules of conduct apply to all co-curricular activities.
7. You are not eligible to participate in any athletics until your required athletic fees have been paid in full prior to the start of the first game.
8. Unsportsmanlike conduct during an athletic event or any misconduct during any school related activity or event as defined in this handbook you are not eligible to play in the next scheduled game. This includes, but is not limited to, the use of threatening, abusive or obscene language. If it is the second game during the season, then you are disqualified from any further participation in the sport season for one (1) full year.

We are determined to sponsor teams and organizations composed of young men and women who will represent our school with pride, enthusiasm and loyalty.

Concussion Policy:

A. Purpose

1. This policy provides for the implementation of the MA 105 CMR 201.000, *Head Injuries and Concussions in Extracurricular Athletic Activities*. The policy applies to all public middle and high school students who participate in any extracurricular activity. This policy provides the procedures and protocols for the Winthrop Public Schools in the management of and prevention of sports-related head injuries within the district or school. Review and revision of this policy is required every two (2) years. (See full policy on the school website at www.winthrop.k12.ma.us under *Athletics*.)
2. The Winthrop Public Schools are committed to ensuring the health and safety of its students and student athletes. The following concussion policy utilizes the latest in medical research to prevent and treat head injuries. It is in compliance with MIAA regulations and procedures regarding the treatment of head injuries and concussions.
3. If a student participating in an extracurricular athletic activity becomes unconscious during a practice or competition or suffers severe head trauma, the student shall not return to the practice or competition or participate in any extracurricular athletic activity until the student provides written authorization for such participation, from a licensed physician, licensed neurophysiologist, certified athletic trainer, or other appropriately trained or licensed health care professional to the school's athletic director.

MASSACHUSETTS INTERSCHOLASTIC ATHLETIC ASSOCIATION (MIAA) ———

The MIAA is committed to the protection of student-athletes throughout the Commonwealth and to fairness of competition among its 365 member high schools. The MIAA Board of Control believes that first-hand knowledge of these selected association eligibility rules can only prove helpful to student-athletes and their parents.

MIAA Eligibility Rules

The violation of any eligibility rules may result in a forfeiture of a game won or the elimination of a player from participation for one (1) year. A mistake could spoil a good season’s record. If, in your opinion, there is any doubt concerning your eligibility, consult your principal or athletic director. The rules apply to all teams, varsity, junior varsity, sophomore and freshmen; all grades and to both girls’ and boys’ sports. The Board of Control of MIAA will resolve all questions on eligibility.

You’re not eligible if:

1. You were not a member of some secondary school for the two (2) months, exclusive of summer vacation months, preceding the contest.
2. *You transferred from one high school to another
3. You were taking fewer than 35 periods of prepared work per school week. (Must be full-time student)
4. You do not have a passing average in at least six out of seven classes of prepared work as of the last time report cards were issued for all students. To be eligible for fall season sports, the previous ***final grades (cumulative average of ALL term grades)*** will determine your eligibility. If you repeat a subject after having already received credit of that subject, you cannot count the points as part of the 35 required. Please remember that summer school only changes the final grade.
5. *Since you entered Grade 9, twelve (12) consecutive sports seasons have passed, whether or not you participated.
6. Your 19th birthday came before September 1 of the present school year, you may not participate in high school sports.
7. You have graduated from any secondary school.
8. You are a student in grades 7, 8, or 9 in a junior high school and the principal is also the high school principal.
9. You are in a trade school or vocational division or alternative school that is not under the jurisdiction and supervision of the high school principal.
10. You were “persuaded” or influenced to transfer to your present high school by a coach, athletic director, principal or any other person connected with the school.

11. You practice or play more than once in any one day with a school team and non-school team.

Unsportsmanlike conduct during an athletic event or any misconduct during any school related activity or event as defined in this handbook you are not eligible to play in the next scheduled game. This includes, but is not limited to, the use of threatening, abusive or obscene language. If it is the second game during the season, then you are disqualified from any further participation in the sport season for one (1) full year.

There are many other important rules and regulations that must be adhered to. Those listed above are most common and must be understood. Consult your principal or athletic director if there is any possible doubt.

****Note: There are some exceptions or variations to this rule. Consult your principal or athletic director if there is any possible doubt.***

ATHLETIC RULES AND REGULATIONS

The WHS athletic program operates under the general rule that we display and promote a positive image through actions and attitudes which results in school and community pride. Pride in performance both individually and collectively is the goal of our program. Doing the best with students and staff is all that can be expected, anything else is not in line with our program goals. Relative to this goal, please be advised to the following rules and regulations. In addition, please refer to the Winthrop High School Athletic Handbook for the complete list of athletic rules and regulations.

1. A student must pass at least six out of seven classes during the last marking period preceding the contest.
2. To be eligible to participate in or to attend any activity, game, practice, play or other co-curricular activity, a student must be in attendance for a full day of classes on the day of the event. If the event is scheduled for Saturday, Sunday or a holiday, this regulation shall apply to the last school day preceding the event. If a student is ill or has some other extenuating circumstance, he/she must see an administrator for permission to participate. Exceptions may be made for absence due to religious holidays.

Note: Students must be in school by 9:00 a.m. to participate in and/or attend any co-curricular activity.

3. Notice of athletic injury risk – participation in athletics is inherently dangerous. Although we provide a professional staff and quality equipment/facilities, injuries can and do take place. All students participate in athletics voluntarily with permission of their parent/guardian. Along with this participation, the students and parent/guardian accept the inherent risks to which students expose themselves. All student athletes and parents must sign a waiver regarding this issue.
4. Chemical health – during the season (practice or play), a student shall not, regardless of quantity, use or consume, possess, buy/sell, be in the presence of, or give away any beverage containing alcohol, tobacco products, marijuana or any controlled substance. Please note, “in the presence of” indicates unsupervised situations without parent/guardian in attendance.
 - a. MIAA sanctions are as follows:
 - 25% suspension for the first offense
 - 60% suspension for the second offense
 - 60% suspension and completion of an approved dependency program for the third offense. Once a program is complete the suspension reverts back to 40% of the season of play.
5. Physical examinations – all students must pass a physical examination within one (1) year before participating in any sport. A duly registered physician must perform physical examinations.
6. An athlete is responsible for all equipment and uniforms issued. ***Payment will be required of all missing or damaged equipment.***
7. All participants must ride in school-provided transportation. In no case will permission be given to ride otherwise without prior consent of the coach, athletic

- director and principal.
8. Athletic insurance is provided to all athletic participants to cover *after* one's own policy has been utilized. All injuries must be reported immediately to the school nurse. We cannot be responsible for injuries, which are not reported.
 9. Conference rule states that a varsity athlete may participate in only one (1) varsity sport per season. Varsity athletes may not change from one varsity sport to another after the first scheduled conference game (see athletic director for exceptions).
 10. A student may practice or play only once in any one day. Penalty for violation is ineligibility for 45 school days on the first offense and 180 school days for the second offense (see athletic director for exceptions).
 11. Once a team list has been submitted to the athletic director, any change from that list is to be reported immediately to the athletic director. Any suspension of an athlete must be reported in writing to the athletic director.
 12. If a problem occurs that may result in a dismissal from a team, the coach must notify the student of the possible dismissal and report the situation in writing to the athletic director and principal. ***The athletic director will meet with the coach, parents and athlete*** as soon as possible, to discuss the problem and the appropriate disciplinary action.
 13. Any student attending an NEC or MIAA athletic event is subject to rules and regulations of their school, the MIAA, and the Northeastern Conference, as voted by the Northeastern Conference Athletic Directors.
 14. You are not eligible to participate in any athletics until your required athletic fees have been paid in full prior to the start of the first game.

TEAM SELECTION POLICY

It is the intent and the mission of the Winthrop Athletic Department to provide the students of the Winthrop Public Schools a wide variety of co-curricular activities. It is in this spirit that selection to our athletic teams is made. The intent is to provide opportunities for students but also field teams that are competitive and will represent Winthrop with pride and honor.

In sports where safety (number of participants) of our student-athletes is paramount and manageability for proper instruction is required, the head coach may require a try-out for selection. The try-out period shall be no less than two (2) sessions; cheerleader try-outs shall be one (1) session. Try-outs will begin and end with specific team requirements and expectations that will be discussed with the student-athletes.

The head coach of that sport on a year-to-year basis will make selection to our athletic teams with consultation by assistant coaches where applicable. The final selection of participants shall rest with the head coach.

When a student is not selected for a team, the head coach shall, upon request, discuss with the student reasons why the student was not selected and where the student can improve.

Appeals of the final selection of the said athletic team shall be made to the athletic director in writing within two (2) days of final selection. The athletic director shall determine if the head coach has complied with the team selection policy and respond in writing within an appropriate time.

It is the parent/guardian and the student's right to discuss any appeal with the principal of the high school.

It is paramount to the Winthrop Public Schools, the Winthrop Athletic Department, and the Winthrop coaching staff to extend the educational opportunities to all students through athletics. Team selection shall be made with looking to the "total student" as the goal.

GENERAL INFORMATION

AGE OF MAJORITY

One of the most significant laws passed by the Massachusetts Great and General Court was the legislation granting the right-to-vote and other “adult” privileges to persons reaching the age of eighteen. While we do not quarrel with the law, we do take a slightly different approach to it. As long as an eighteen-year old student remains at home, we will continue to expect the parent or guardian to discharge the responsibilities that parents and guardians of students under eighteen years must assume. Only upon receipt of a letter and *Winthrop High School Application Form* from a parent or guardian stating that they no longer wish to be involved and that they expect their son or daughter to assume full responsibility for all their school situations, and upon a follow-up communication with an administrator, will we allow the eighteen-year old or older student the right to make all his or her own decisions. This right carries with it the responsibility for being totally accountable for those decisions.

DANCES

Non-Winthrop High School students may not attend a WHS dance without a Winthrop High School escort. A WHS student can register one guest with an administrator by the close of school on the day of the dance. The administration reserves the right to refuse any request of a guest. All students and guests are expected to behave in an appropriate manner. When the WHS student leaves, his/her guest must also leave. WHS students will be held responsible for the behavior and actions of his/her guest. Disorderly behavior on the part of the WHS student and/or guest will result in a ban from dances for one (1) school year.

Students may not enter a dance after 8:15 p.m. and may not reenter after leaving.

ELECTRONIC DEVICES

Cellular phones, iPods and all other electronic devices are not allowed in classrooms during school time. Misuse, mishandling and theft of computers and technology equipment are subject to disciplinary action.

Cell Phones

Students are NOT allowed to use cell phones during class time at Winthrop High School. Any student found using a cell phone during class time, will be subject to school discipline. Students are permitted to use electronic devices during their assigned lunch period as well as during transition time between class periods. Use of electronic devices during non-permitted times will result in the following consequences:

1st offense: Cell phone will be taken away. The parent will be called to pick up the phone and an administrative detention.

2nd offense: Cell phone will be taken away. The parent will be called to pick up the phone and there will be a 2-hour detention.

3rd offense: Cell phone will be taken away. The parent will be called to pick up the phone and there will be a one (1) -day out of school suspension.

FIRE DRILLS OR BUILDING EVACUATION

The signal for a fire drill is a coded ring repeated several times. For your own protection and that of others, you must observe the Fire Drill Procedures posted in every classroom. Each floor also has posted designated “Safe Rooms” listed within the Fire Drill Procedures. The following rules must be observed:

1. Walk quickly and quietly to a safe distance from the building.
2. When the drill is over, re-enter the building promptly and quietly. Proceed directly to the class you were in when the alarm sounded unless otherwise directed.

FOOD AND SNACK POLICY

Foods and drinks (other than water) will only be allowed in designated areas throughout the Winthrop High School. Those areas include are the cafeteria and outside common areas. In all other areas of the school, including the gymnasium, all food and drinks, other than water are prohibited. If a student is found bringing food into any restricted area of the building, that student will be subject to disciplinary action. Exceptions to this rule would be a school sponsored activity or even in which food is part of the scheduled program. Under these circumstances, the activity must be proposed in advance to the Winthrop High School Principal and that proposal must be approved in accordance with the school district wellness policy before the date of the activity.

FREE OR REDUCED LUNCH

A form is given to each student with which he/she may apply for free or reduced price meals. The free or reduced price meals are based on Federal Standards, which are determined, by the family size and maximum gross income of the family. These forms should be filled out and returned to the office as soon as possible in order for the student to participate in the program at the earliest possible date.

LOCKERS

A corridor locker is provided each student for security of personal belongings. Students should not bring valuables or large sums of money to school. The school cannot be responsible for materials missing from lockers. Students should keep locker combinations private and make sure that locks are properly secured. Lockers are owned by and are the property of WHS and are issued to students to ensure the security of personal belongings. Students who deface or vandalize lockers or locks will be subject to suspension.

NO SCHOOL ANNOUNCEMENTS – DELAYED OPENING

Whenever it is necessary to cancel school because of weather or hazardous road conditions, “NO SCHOOL” announcements will be made on radio stations WRKO, WROR, WEZE, WMJM, and WBUR and TV stations WCVB, WHDH, AND WBZ between 6:30 a.m. and 7:00 a.m. Additionally, the “NO SCHOOL” announcement will appear on local cable TV. Parents and students are requested not to call the school, teachers, administration, police or fire department for “NO SCHOOL” information.

The Winthrop School Committee has a policy that allows for either a one or two hour delay of opening of schools because of inclement weather. The same procedure of notification will be followed as in the case of school cancellation. Principals and staff will be notified by telephone and announcements will be made on all major radio stations noted above.

Building principals will adjust the daily schedule on delayed opening days keeping the same dismissal times.

PARKING RESTRICTIONS FOR STUDENTS

Student parking is not permitted in the following areas:

- Parking spaces opposite the tennis courts;
- On the school side of Main Street; or
- In the lined area on the Payson Street side of the school.

Students may park in the rear of the building.

PLAGIARISM

Any student who cheats/plagiarizes on an examination, or any other assignment, shall receive a zero, and may not make-up such work. The instructor, who will then notify the parent/guardian, will privately admonish the student.

SEARCH POLICY

The school administration retains control over lockers loaned to students, and regulates admission and parking of automobiles on school grounds. The administration therefore has the right and duty to inspect and search students' lockers and student and non-student automobiles, if the administration reasonably suspects, upon information received from law enforcement officials or other sources, that drugs, weapons, dangerous illegal or prohibited matter, or goods stolen from school or from members of the staff or student body, are likely to be found therein. The administration also has the right and duty to search a student's person if there is high degree of suspicion that drugs, weapons, dangerous illegal or prohibited matter, or such stolen goods, are likely to be found on the student's person, in exercise of the school's duty to enforce school discipline and to protect the health and safety of the student and/or student body. The items of such search may be turned over to law enforcement officials for inspection or examination and may be the subject of criminal or juvenile court prosecution, or of school disciplinary proceedings. Drug sniffing dogs, Breathalyzer, and security cameras may be used if necessary by the principal or their designee.

SECURITY CAMERA

There are a number of security cameras located in various areas throughout the school building. These cameras are available for only the following issues:

- Emergency response;
- Serious matters requiring thorough investigation;
- Protection of major assets; and
- Maintenance of a safe learning environment.

SKATEBOARDING AND ROLLERBLADING

Skateboarding and rollerblading is not allowed in the school building. In addition, both are prohibited in the following areas outside the building:

- Entrances;
- Landings;
- Stairways; and
- Drop-off areas.

These restrictions are in the interest of public safety and respect of school property. Nonconformity will lead to disciplinary action.
